## Group Gathering Prohibition Index – Commentary

香港民意研究所主席及行政總裁鍾庭耀解釋：「今天的『限聚指數』是14.3，超越現行限聚令10.3人，有87%市民認為現時限聚令太緊，明顯希望盡快放寬限聚措施，希望政府可以從善如流。即日開始，香港民研每日會以新聞發布形式公告『限聚指數』，敬請留意。」

**President and CEO of HKPORI Robert Chung observed, “The reading of ‘Group Gathering Prohibition Index’ stands at 14.3 today, which is 10.3 persons higher than the official limit. With 87% of the general public considering the current ban too strict, people obviously want to see a relaxation of the ban as soon as possible. We hope the government would hear the people’s voice. Please note that starting today, we will announce this index daily for public consumption via our standard press releases.”**
