香港民意研究所主席及行政總裁鍾庭耀解釋：「因為確診個案不變，今日的『限聚指數』繼續是11.4，有69%市民認為現時限聚令太緊，明顯希望盡快放寬限聚措施。政府昨日宣布有條件放寬食肆的限聚措施及和酒吧復業，香港民研會盡快進行第八次基準調查，更新『限聚指數』的基礎運算。」

President and CEO of HKPORI Robert Chung observed, “The reading of GGPI stays at 11.4 today, due to the same number of infected cases. Most people want to see a relaxation of the ban, as 69% considered the current ban too strict. Since the government has announced new measures to conditionally relax restrictions on restaurant and bar operation, POP will conduct our eighth benchmark study as soon as possible, in order to update our base of GGPI calculations.”
