中科監察研究員潘麒智指出，「政府的限聚新措施變得愈來愈複雜，而條件仍然太嚴苛，業界執行的阻力仍然會很大。由於政府是在昨天4月27日公佈新措施，估計在業界和市民消化後，民情仍然會有變動。」

KC Poon, researcher from the CHINAT Monitor, observed, “The new measures announced by the government are becoming more and more complicated, and the restrictions are still too harsh. The industry’s resistance to their implementation would remain high. Because the government only announced the new measures yesterday, April 27, the public sentiment would take time to settle, after the information is digested by the industry and the common people.”
