香港教育中心商會副主席任偉豪指出：「現在的每日感染人數已經很低了，政府已沒有必要維持限聚措施，因為社區中差不多已沒有受感染者，只需在邊境做好防疫，不讓任何一個受感染者走進社區，就已經是足夠又有效的防疫措施。」

Vice Chairman of The Hong Kong Chamber of Education Centres Yam Wai Ho observed, “With such a remarkably low number of daily infected cases, it is no longer necessary for the government to continue the gathering restriction measures. Because there is almost no infected person in the community, it is already sufficient and effective to prevent the pandemic by controlling the border properly, in order to stop any infected person from entering the community.”
